(\*1) The Price List pictures the current nominal Toll Fees of Egnatia Odos. In case of adjustment of the current nominal toll fees, the pricelist will be adjusted accordingly.

(\*2) It is the limit in which the message “Low” that appears on the lane's monitor and the audio signal (two beeps) from the transponder notifies that the balance of the account is low and therefore the subscriber has to top up the account. This limit can be adjusted higher according to the subscriber's needs.

(\*3) It is the limit in which the message “Bad” that appears on the lane's monitor and the audio signal (three beeps) from the transponder notifies that the current balance of the account is not sufficient for the payment of the toll fee at any plaza of Egnatia Odos SA. In this case subscriber should use a lane with a toll collector to pay the toll fee and to top up his account if he wishes.

(\*4) Category 1 vehicles (Motorcycles, Tricycles) use only the Egnatia Card and make their passes through a lane with a toll collector.

***The above fees include VAT 24%.***

***This Price List of the Subscription Programs is valid from November 10<sup>th</sup>, 2022.***
